

World Down Syndrome Day Celebrated at GRIID school

Government Rehabilitation Institute for Intellectual Disabilities (GRIID), sector 31, Chandigarh celebrated World Down Syndrome Day today in its premises. World Down Syndrome Day is celebrated on 21st March worldwide to recognize the uniqueness of the triplication (trisomy) of the 21st chromosome which causes Down syndrome. Approximately 26 persons with Down Syndrome from special school and clinic participated in drawing activity and different fun games namely bean bag throw, ball in the basket, musical chair and obstacle race. Students participated enthusiastically and parents also expressed their happiness. Dr R. Vani Ratnam, Principal GRIID Special school and Dr Reena Jain, GRIID Clinic Incharge were the organisers of the program.

Students participating in drawing activity and showing their drawings
